Huu-ay-aht First Nation Development Corporation (HDC) currently has multiple job posting in picturesque Bamfield, BC, situated on the Pacific Ocean and at the end of the world renowned West Coast Trail. Bamfield is also home to the Bamfield Marine Sciences Centre utilized by 5 Universities. The environment and wildlife (including puffins, seals, whales, sea lions and plenty of fish) make this an ideal home for the marine centre. Bamfield has some of the best fishing in the world.

11 new properties have been purchased in January 2016 by Huu-ay-aht First Nation Development Corporation, three (3) of which are tourism related, Bamfield Motel and Pub, Kingfisher Lodge and Oostrom House, in addition to its other multiple properties including Pachena Bay Campground, Bamfield Market and Café, HFN Forestry and HFN Gravel. This allows for an immense opportunity for growth in various hospitality and other industries. The long-term goal is to build a team to aid in the growth of Huu-ay-aht First Nations and Bamfield in both eco and aboriginal tourism. Although these positions are currently seasonal, they may lead to year round employment.

Accommodation may be provided for these positions at one of our various venues.

For the upcoming 2017 Tourism Season, Huu-ay-aht Development Corporation (HDC) will be hiring in all areas related to our Pachena Bay and Bamfield Businesses.
