

ENVIRONMENTAL POLICY

HFN Forestry is an organization that cares about protecting the air, water, wildlife and soils on the lands they manage. To meet the goal of "hish uk tsa wak", everything is one, we will:

- Define the impacts our operations have on the environment
- Promote and train our employees and contractors in good environmental practices
- Reduce and eliminate any negative impact on the environment
- Comply with all relevant legislation and regulations to which we subscribe
- Implement standards which compliment our safety and quality objectives
- Continually improve our results

To achieve our aim, we will set targets for our environmental objectives and review our performance annually.

All managers, supervisors, contractors, suppliers and employees are committed to this process.

A handwritten signature in black ink, appearing to read 'Robert Dennis', with a small dot at the end.

Robert Dennis, Chief Councilor
